Antes de começar

Palestra Itália em LEGO | opção C | escala 1:250

Como ler os passos

12

O quadro azul lista as peças do passo, com a quantidade e o código BrickLink.

Peças novas aparecem em cor cheia; as já montadas ficam esmaecidas.

A lupa de borda azul amplia o canto mais afastado do centro, onde a montagem costuma confundir.

Cada camada de arquibancada ou campo tem a altura de uma placa. Um tijolo comum ocupa três camadas.

Antes de montar

- Versão vitrine, para ver: são 4.573 peças em 139 combinações, listadas no inventário do fim do manual.
- Base: quatro placas 48 × 48 cinza-claro e seis 16 × 32 cinza-escuro, 76,8 × 102,4 cm. O primeiro passo mostra a posição de cada placa.
- O escudo do gramado é um adesivo de 30 mm, aplicado no passo 20.
- O miolo do campo é oco, com pilares a cada 4 studs. Não precisa preenchê-lo.
- As torres de iluminação entram nos últimos passos.
- O modelo é digital e a montagem física completa ainda não foi validada.
